## Conformity Assessment – Requirements for Bodies Providing Halal Certification :

- requirements for halal certification bodies (HCBs).
- to ensure that HCBs operate halal product or service or management system certification in a competent, consistent and impartial manner
- based on ISO/IEC 17065 with normative references to ISO/IEC 17021-1 and ISO/TS 2200

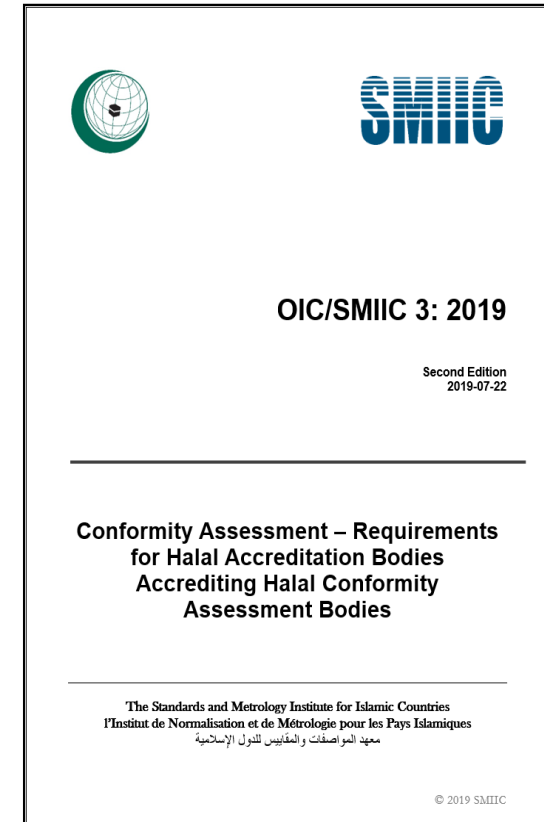

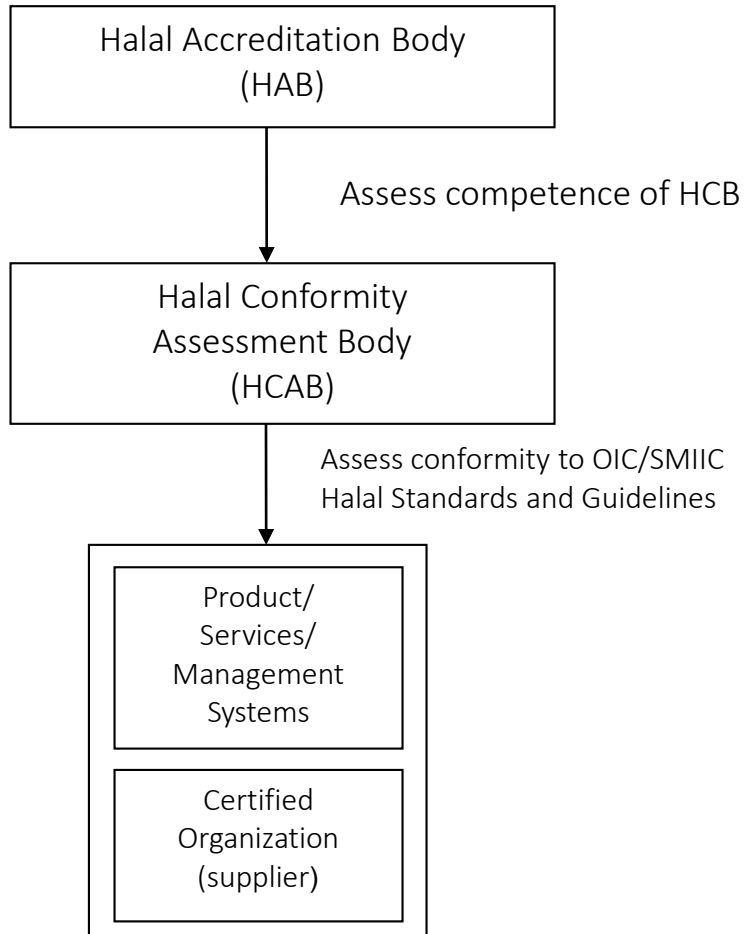

- Halal certification body (HCBs) shall be an Islamic entity and shall have profound belief in the necessity of proper supply of **halal product/service/process and/or management system**
- In conducting its halal certification operations, HCB shall observe the requirements for the suitability and competence of body(ies) or person(s) carrying out testing, inspection and halal certification as specified in **ISO/IEC 17025, ISO/IEC 17020, ISO/IEC 17021-1, ISO/IEC 17065 and/or ISO/TS 22003.**
- HCB shall make its services **accessible to all applicants** whose activities fall within the scope of its operations.
- HCB shall ensure that all **personnel** involved in the audit and certification activities are **Muslims** and they are **technically competent** and ethically **committed to Islamic work ethics.**

## Conformity Assessment – Requirements for Halal Accreditation Bodies Accrediting Halal Conformity Assessment Bodies:

- sets out the rules for the organizations providing accreditation services for halal certification bodies:
  - ✓ in OIC member countries or,
  - ✓ in those countries trading with OIC member countries or,
  - ✓ in any other country.

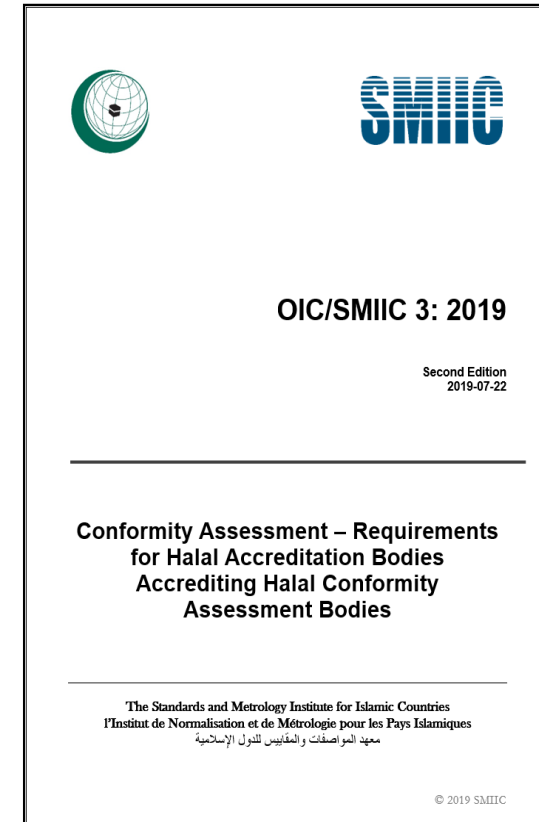

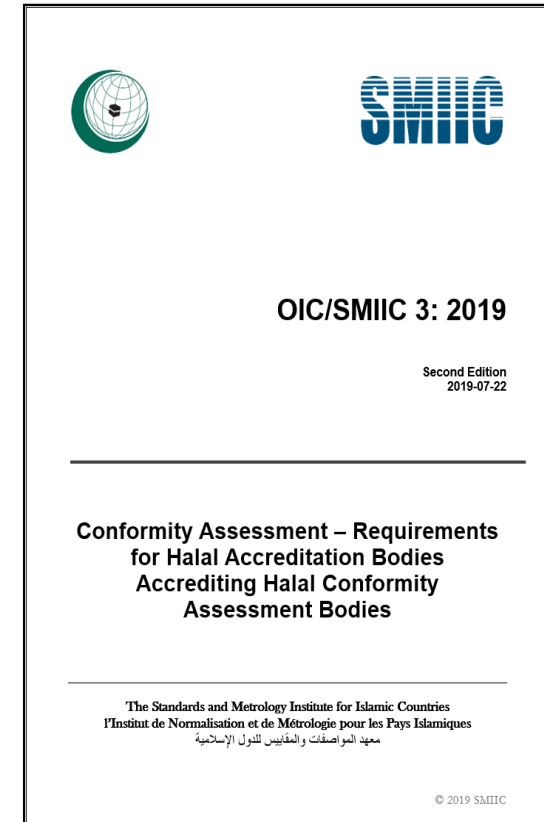

HABs assess the competence of HCABs. They can facilitate trade by promoting global acceptance of conformity assessment results issued by accredited HCABs. This is strengthened if they are peer-evaluated and are members of mutual recognition arrangements among the accreditation bodies of OIC Member States.

HCABs assess conformity of products/process/services and suppliers to specifications/requirements and additional halal requirements.

Consumers / customers / clients / purchasers acquire products/services that conform to specifications and additional halal requirements or buy supplier that conform to specific and halal requirements. Regulatory authorities may set additional Halal requirements for products/services and suppliers.

- The halal accreditation body (HAB) shall be an Islamic entity legally **registered by the OIC Member States** and have the responsibility to comply with all relevant Islamic requirements.
- The personnel of a HAB shall act with due regard to **Islamic principles**.
- HAB shall ensure that all personnel involved in the halal conformity assessment body's assessments and halal accreditation activities are Muslims **technically competent** and ethically **committed to Islamic values**.
- The general criteria for accreditation of halal conformity assessment bodies shall be those set out in the relevant normative documents such as **OIC/SMIIC standards** and guidelines for the operation of the halal conformity assessment bodies.

- AC is responsible for supporting actions for establishing a sound accreditation system OIC-wide and raise awareness of accreditation concept within the Member States.
- Membership is limited to the national accreditation bodies of SMIIC Member States.
- 12 (twelve) national accreditation bodies for the management of AC.
- AC is the organ carrying out activities aimed at the establishment of an accreditation scheme in the OIC Member States.
