KULAKU is a brand from the city of Palembang, South Sumatra, Indonesia. Kulaku works together with coconut farmers in Banyuasin to produce high-quality products at affordable prices. We collaborate with Universities and Experts to create high-quality products.

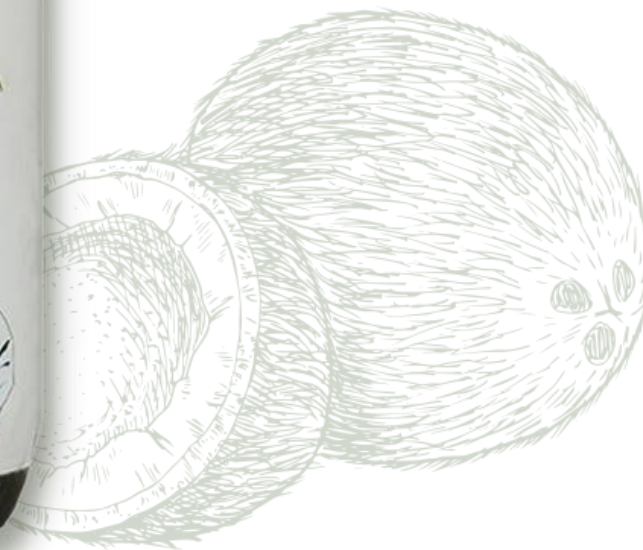

PROJECT BACKGROUND

Indonesia is one of the largest coconut producers in the world. 90% of coconut plantations are owned by the people and are still being processed conventionally. South Sumatra is one of the central coconut producing provinces in Indonesia. The center of the area, which is the center of coconut production, is Banyuasin Regency.

THE MODERN COCONUT BRAND

COCONUT COOKING OIL

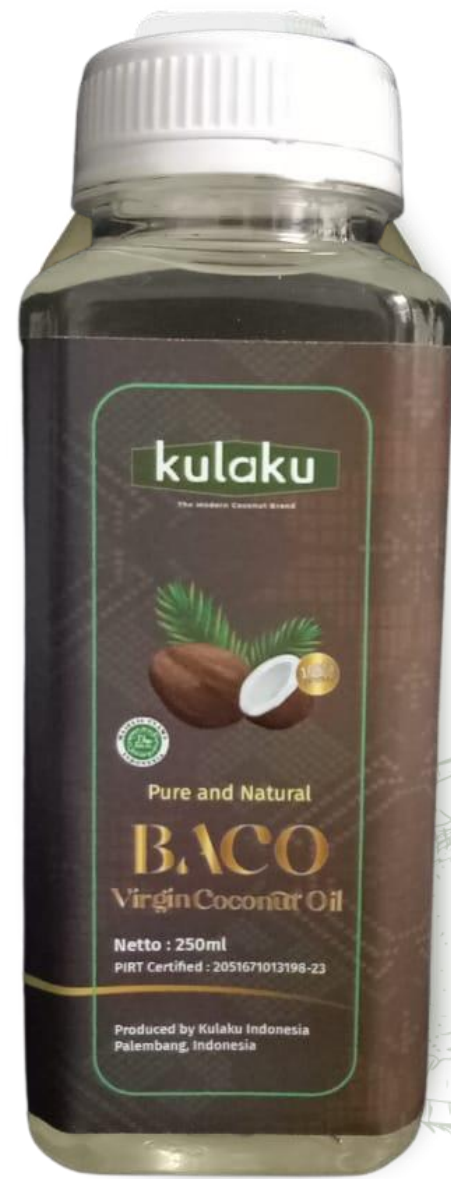

BACO VCO Coconut Cooking Oil is made from fresh coconut flesh and is processed without heating / cooking. It is very rich in lauric acid and other medium chain saturated fats beneficial for your body. The medium- chain saturated fats in coconut oil do not raise levels of bad cholesterol in the blood. In fact, they raise levels of good cholesterol.

VCO Coconut Cooking Oil has a very good stability in high temperature, has high smoking point and is proven to handle hours of continuous deep frying without any changes in quality.

VCO Coconut cooking oil is a replacement to processed oil and fats. It can be used in your cooking and baking as a replacement to margarine and butter.

IDR 60.000
