## THE STORY BEHIND

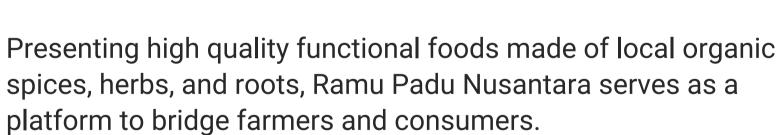

### THE AROMATIC ISLANDS OF INDONESIA

Indonesia is blessed with the beauty of its biodiversity. Tha fragrance of Indonesia's spices have been scenting the world for centuries. Nutmeg and clove were most demanding spices on th 15th centuries. Back then, the European came to South East Asia for their search of these treasures. Ginger, turmeric, and other spices have been commonly used as remedies and for cooking purpose for centuries. The tradition of using spices for cooking and home remedies are still continuing until today. Indeed, spices fragrants the world.

## THE FARMERS' DIGNITY

Indonesia is a tropical country that is surrounded by volcanoes and seas. Streched from Sabang to Merauke, the country is blessed by its nature. For centuries, Indonesia has been known as an agriculture country. There are many comodities those are harvested from the archipelago, from rice, spices, vegetables, fruits, etc.

The founders' love for Indonesian flavors and culinary has led the found of Ramu Padu Nusantara in 2019. Ramu Padu Nusantara added value to Indonesian's agricultural products through food innovations. Various natural ingredients are combined to deliver premium gourmet syrup under the brand "MoonShine". The exquisite delicacy of lemongrass, ginger, nutmeg, and other spices is now easy to savor. In addition, shelf-stable spices and herbs are provided under "Ramupadu" label.
