COMPANY PROFILE

AROMA SUKSES

Our Vision & Mission

Introduce Indonesia's premium fried shallot to various countries.

Using only qualified ingredients, keep maintaining the consistent good quality with reasonable price

About Us

AROMA SUKSES is a home industry in Cirebon, established in 2017 with the thought that every home needs fried shallot and fried garlic in almost every meal; rice, porridge, noodle, etc. The best quality of shallot to make fried shallot is Sumenep Shallot, that can only be found in Cirebon region, West Java. It's different from the shallot we use in daily cooking. And for the Fried Garlic, we use Kating Garlic that has good flavor and taste.

At one of the workshop I attended, one of the participants promoted his fried shallot. The fried shallot was oily and I felt I can produce the better one. After coming back, I started produce FRIED SHALLOT WUENAK with the intent that customers get premium quality fried shallot with reasonable price. We always want to give good products to our customer so we keep maintaining the good quality.

Fried Shallot WUENAK has been sold at several supermarkets in Indonesia. It's different from the fried shallot in supermarket shelf. We already have regular customers that do repeat order and also brought by customer to USA, Japan, Sydney, Hong Kong, Singapore, Phillipine, Malaysia, Taiwan, China, Netherlands, Canada, London, Turkey, Sri Lanka, Melbourne, German, Maldives etc because of the premium quality. At first it's known from words of mouth. At September 2020, the product has been sold at marketplace Qoo10 in Singapore. The selling has been good and gets 100 b% satisfied reviews from customers in Singapore. We intend to expand our product locally to more supermarkets in Indonesia and to export to more countries.
